** A Talmud Celebration! It is customary during the month of Av (especially in the nine days) to participate in a Siyum – The completion of a tractate in the Talmud. When one finishes learning a section of the Torah, it is cause for celebration. In these days of heightened mourning for the destruction of the Temple and suffering of exile, we hope and pray that with added Torah celebration and joy, this will bring us comfort and raise our hope and trust that very soon these ‘sad’ days will turn into days of joy and gladness, with the coming and revelation of Moshiach.*

We Want Moshiach Now! Another Tish’a B’Av?!
Ad Mosai? Until when will the world suffer?
Moshiach is coming...
Let’s welcome him with acts of Goodness and Kindness...
Yechi Hamelech!
